Yesterday was bright and cheerful, but after sunset the air became cooler, and some drops of rain fell. The morning opens fine and clear with a light easterly breeze and a falling barometer.

The sun entered Capricornus 7.53 a.m. this morning, and winter commenced "officially."

Ginn. Rates 34,439,000 34,923,000

From this it would appear, as might have been expected, that in the short crop season 1903-4 practically the whole of the cotton ginned was marketed. The next season, however, there was a considerable amount held back—some 130,000 bales if the ginners' returns were all correct, which is highly improbable.

This 130,000 bales added to the cotton ginned in the season 1905-6 would bring the total to about 10,556,000 bales, but as the commercial crop was 11,346,000 there are nearly half a million bales unaccounted for. If it is safe to assume that the season 1904-5 was started with a clean slate, it appears, says the "Manchester Guardian," that the ginning returns during the two seasons 1904-5 and 1905-6 have been this half million bales short.

There seems now to be good reason to expect a large crop of American cotton, but the Government statistics do not point to one so large as that of 1904-5. We have not a comparison of the ginning returns up to December 1 in that season, but from November 14 to the end of the season 3,910,000 bales were ginned.

On November 14 this year 8,531,000 bales were ginned, so that if from that date the ginning is equal to what it was in the great crop year (and up to November 14 it had been very much less), the total ginned would be 12,441,000 bales. Of course we are on untrustworthy ground, because the ginners tend to return less than they have actually handled. It does appear, however, that the estimates of 13½ to 14 million bales are excessively sanguine. In quantity we should have plenty of cotton to go round, and of course if there was a sudden slackening of trade and consequently of cotton consumption we might have a temporary glut. But nowadays too much cotton is all to the good, for it is only necessary to note that since the 1898-1899 crop of 11,275,000 bales we have three times had a crop of less than 10½ million bales to understand that the supply is precarious and that an excess this season could only bring extremely low prices if people failed to understand that cotton at low prices is worth holding.

Mr. Boutiq, the proprietor of the newspaper, deserves success for his enterprise in introducing this invention to the local newspaper world.

Greek Tobacco for Egypt.

The Greek tobacco imports for Egyptian cigarettes have been high this year for the following reasons: There was a small crop in Greece and Turkey this year, but large stocks from the former crop remained to be disposed of. Four million kilos of tobacco had arrived here from Greece up to the end of November, which is 500,000 kilos above last year's figures. The Alexandrian tobacco merchants have increased the price from P.T. 10 to P.T. 12 per kilo for the best quality, and from P.T. 7 1/2 to P.T. 8 1/2 for the second quality.

## CONSULAR COURT CONVICTION.

## ESCAPEADE OF A TARBOUCHE.

(FROM OUR CORRESPONDENT.)

Port Said, Thursday.

Great curiosity was excited by a crowd of a few hundred persons this morning outside His Britannic Majesty's Consular Court at the alarmingly drastic measures adopted by the police authorities against two passengers from the S.S. Denbighshire, which arrived at Port Said about 10 o'clock this morning, homeward bound. From the result of enquiries, it seems that one of the two passengers referred to, had, in the course of their sight-seeing, inadvertently collided with a police functionary, whose tarboche, reputed to be not quite large enough for its owner's head, fell to the ground. This disaster, it appears, forms the fundamental ground on which the charge was raised and terminated in the visitors being placed before His Britannic Majesty's Consul General, Mr. D. A. Cameron, to stand their trial for drunkenness and assault.

One of the unhappy individuals, who was far too excited to be capable of what might be considered reasonable action, resorted to measures which in calmer moments might seem the reverse, but under the circumstances were not unnatural, and doubtless relieved his strained feelings somewhat. The Consul-General very summarily dealt with the offenders, passing sentence of seven days without the option of a fine or one of the accused, who was safely transported under a strong escort of police commanded by Lieut. Macintyre to the native prison, where he was safely lodged before the sun had reached its zenith.

The S.S. Denbighshire sailed a few hours later without its full complement of passengers, the general impression amongst the remaining passengers before starting being one of thankfulness that they had escaped from Port Said and an expression of sympathy for his Majesty's royal subjects resident in Port Said.

## INTERESTING LIBEL CASE.

The charge of libel alleged by M. George Vayssié, publicist, against M. G. Costagliola, printer of the newspaper "Bosphore," has been dismissed by the French Consular Court, Cairo, which has just rendered its verdict. It was a case of tit-for-tat. M. Vayssié, in the "Journal du Caire," of the 9th May, had accused M. Zarifa in the matter of an article written by the latter in the "Bosphore" on the subject of the Capitulations, of plagiarism perpetrated at the expense of the "Journal des Débats." To this M. Sartoriello retorted on the morrow by an article whose terms M. Vayssié considered so defamatory, that he took action against Messrs. Zarifa and Sartoriello before the Mixed Tribunals, and M. Costagliola, before the French Tribunal, as responsible printer.

The case was heard on the 14th inst.; Article 42 of the Law of July 29, 1881, was more than once invoked; and as the Court held that M. Costagliola could not be considered as the person chiefly responsible, the charge alleged against him was dismissed with costs.

## PROROGATION OF PARLIAMENT.

LONDON, December 21.  
The King's Speech on the occasion of the prorogation of Parliament states that the relations with the Powers continue to be friendly, but that "My Government regrets that notwithstanding the protracted consideration given to the question of the improvement of primary and secondary education no settlement of the difficulty has been arrived at."

The speech further alludes to the marriage of his Majesty's niece with King Alphonse and their merciful preservation in the outrage. The visit of King Haakon and Queen Maud, it states, cannot fail to promote friendly relations between Norway and Great Britain.

There has been a distinct improvement in the condition of Crete, and the Powers are giving close attention to the reforms which are being gradually introduced in Macedonia.

It mentions, in conclusion, the Abyssinian and New Hebrides' agreements, and that satisfactory arrangements have been made with Germany and France, respectively, regarding the delimitation of the frontiers of the Lake Tchad region. It also refers to the satisfactory settlement of the Congo, Sudanese, and Eastern Egyptian boundaries. (Reuter)

## EDUCATION BILL.

## PREMIER THREATENS LORDS.

LONDON, December 21.  
HOUSE OF COMMONS.—After the acclamation which met his proposition, Sir H. Campbell-Bannerman asked whether the results of the General Election go for nothing. It was into his power that the Second Chamber should be able to thwart and destroy the policy for which the electors declared.

The resources of the Constitution, however, were not exhausted, nor were the resources of the House of Commons. A way must be found, and would be found, whereby the will of the people would prevail. In the midst of cheering the motion was carried, without a division. (Reuter)

## COMBINED ACTION IN AFRICA.

BERLIN, December 20.

The "Berliner Lokal Anzeiger" announces from London that negotiations have actually taken place between representatives of the German and British Governments with regard to the question of preventing rebel natives of South-West Africa from crossing into British territory, and also with reference to Germany's request to permit provisions and munitions for her troops to be sent through Cape Colony. These two measures would be advantageous to the troops and agreeable to the Commander-in-Chief in German South-West Africa. The Governor, Herr De Lindequist, is also taking part in the negotiations, the ground for which was prepared a long time ago, between King Edward, Sir Edward Grey, and Count Metternich.

The British Government has already repeatedly insisted on the community of German and British interests in South-West Africa for the good of civilisation. (Reuter)

## MARIE BRANDES.

(FROM OUR THEATRICAL CORRESPONDENT.)

"Les Tenailles"—it might be called "L'Impasse," for that matter—is wholly modern, and yet almost Greek in its relentlessness; it is a return to the sterner "Ananké," the locked prison-house in which the prisoners must live and lament until death releases them; they may be innocent or guilty, they are miserable, and equal thereby. The note is, in a sense, that of "L'Ancrage," without its hope and possibility, without its misunderstanding, giving whereby at least a chance was given that could lighten the darkness. Fergan, the husband, is opinionated, always right, master in his own house, by all that his power, and the law, social, moral, and otherwise, can give him. Irene, his wife, married young, has developed, has struggled for her own temperament and personality and spiritual freedom. At last, vanquished by that uncompromising wall of tyranny, she is driven to think of, that to long for, bodily freedom. Fergan refuses to separate: she gives herself to Davernier—a consummate. She has a son, Davernier dies: she lives for the son, until Fergan proposes to send the boy to school. She, in deadly motherly fear for her one love, refuses, and declares the truth. Fergan now asks for divorce. She refuses in her turn; and they are left to endure the rest of their years together, to forget her shame in all she might have had, and to watch her boy live—or die; he to go through the tortures of one whose righteousness, too narrow and too rashless, has brought its own penalty, as keen and un-human as Artemis' dooms on Hippolytus and his horse.

Marie Brandes and M. Rousseau were again at their height, worthy of one another and of the play. Irene was created by her; it would be almost impossible to imagine another in her place, for depth and truth of rendering. For M. Rousseau the part was different to the four others he has so far played; and again he showed what an artist he is: his personality changed entirely to that of Fergan. Every tone and every movement, the least as well as the greatest, was that of the overbearing potestate, justified in all he did. They are a wonderful couple. Of course, one sees instantly that there is a difference: he merges himself in the part, wholly, in unrecognisable from the night before, in the character he plays, and no other. She is always Marie Brandes, and yet she is Irene, or Dora, or Franklin: she gives the whole personality of the character, and the whole personality of her own wonderful and subtle self at one and the same time. One might, for an instant, be critical with Rossella, watch for a wrong note, compare him with her: she should be; but, but,—ever. One watches her, not for what she might do, but for what she is doing and is going to do, still passionate, rapturous, forgiving, in all the moods that hold us and our memory.

The others did not make a great show. Mme Laure was the best, perhaps. André Hall was far too cold, and conventional; he had sufficient art, but no reality. Imagine Le Bargy is the part! But at least I will say that many others would have made it ridiculous. He hardly did that, he was at worst awkward, unable to feel or simulate strongly the passion that should have been devouring him.

He was André Hall, a good and tried actor, never Davernier, the consumptive, whose whole being should tremble with the great trust and then the great abandonment of this woman he worshipped.

## REVUE COMMERCIALE

## Cotons.

La tension de marché pendant la matinée de vendredi et à l'ouverture de lundi matin, et la baisse de 3/4 de tallari qui en a été la conséquence, ont continué pour nous dans la perspective aussi grande que désagréable, et pour un moment nous sommes demandés si nous n'avions pas la berline quand nous avons écrit vendredi dernier que le marché était hésitant et la tendance pour la baisse. Mais, réflexion faite, nous nous sommes rendu compte qu'après tout Alexandrie ne pouvait raisonnablement laisser passer, sans en profiter, l'occasion propice qui se présentait à elle et qui consistait dans les achats des grandes têtes qui ont voulu se livrer à des opérations d'arbitrage, en achetant du Mars et en vendant du Novembre, et ceux de la spéculation caïroise, qui avaient décidé que le coton égyptien était pour rien et qu'on saurait l'imposer à la consommation même à 30 tallaris ; notre impression était aussi que le mouvement dont nous assistions ne pouvait que très peu être passé.

Cette façon d'envisager les choses s'est trouvée être juste, car dès que les acheteurs se sont arrêtés, la réaction a commencé et cette fois, la baisse a été aussi rapide que la hausse qui l'avait précédée, étant donné que dans l'époque vingt-cinq dernières heures elle s'est élevée à tallar 1 9/16. Seulement, notre satisfaction, tout placé au contraire, de voir nos prévisions se réaliser n'a pas été de longue durée, le cours de 20 5/8 ayant eu la force de faire rentrer en scène le débouché et ensuite les haussiers redressés, ce qui nous a valu un renouvellement, plus modéré cependant, des manœuvres ayant pour but de pousser les prix. Dans tous les cas, ce qui est un fait, c'est que depuis lors, la fermeté n'a cessé de régner et que la clôture finale de la bourse a eu lieu sur la cote de 20 15/16 pour le Mara.

Comme résumé donc, c'est une baisse de 3/16 sur vendredi dernier, un recul de 15/16 du prix maximum pratiqué lundi dernier, mais une hausse de 5/8 du point le plus bas de Mardi.

En elle-même, cette amélioration de 5/8 de tallari n'a rien d'extraordinaire, comparativement surtout à celles-ci : fluctuations violentes auxquelles nous sommes habitués depuis quel que temps, mais en l'absence de toute cause pouvant la justifier, n'est-on pas excusable en disant que franchement le bon sens devrait souvent ses droits à notre connaissance ! A quel résultat espérons-nous arriver avec ces conditions mais avec 1/4 à 1/2 égorgé le débouché ? Mais il n'existe plus, et il y a des vendeurs en blanc, on ne trouve que parmi ces faiseurs qui se risquent à vendre en quantités limitées quand il y a emballement sur le marché et qui profitent des accalmies pour se racheter. Quant au commerce, que quelques arachides disent vouloir accorder à force de lui faire payer des différences sur les contrats, mais il ne fait que repasser à la spéculation le contrat qu'il avait en contrepartie de ses engagements pour l'Europe, et n'est nullement vendeur contre marchandise en magasin, ni les nécessités, ni la nature de son travail de cette année, ni les conditions monétaires de la place depuis deux mois ne lui ayant permis les arbitrages qu'il fait habituellement dans le courant de la campagne.

Il ne nous reste par conséquent que la filature, mais sur ce point nous avons déjà exposé ce qu'il fallait en penser et en définitive nous arrivons à cette conclusion que tout ce que la spéculation est en train de faire est factice, que tous ces achats et ventes de chaque jour sont à peu près de navette entre spéculateurs mêmes, chacun cherchant à sortir aux dépens de son voisin, voire de son organisme au besoin, et que dans ces conditions et à moins que l'imprévu ne vienne sauver la situation, il ne reste qu'un cri à jeter et c'est celui de "Gare au dernier débiteur, c'est lui paiera les pots cassés."

Le peu d'intérêt monté par le commerce depuis mercredi pour les affaires en contrats vieille révolte a certainement joué à l'activité du marché qui n'a été, en effet, qu'occasionale ; par contre, le novembre a attiré son attention, car, quoi que l'on en dise, la filature a fait de nouveaux achats sur la prochaine révolte. Au fond il n'y a rien de bien important, mais en somme plus d'un commerçant cherche à faire une ménage en malaxant les cours de l'ancienne et de la nouvelle révolte, ne fut-ce que pour les premiers mois. D'ailleurs, la prospérité de l'industrie cotonnière est telle sur le continent, que de l'Allemagne du moins on affirme

Les recettes sont toujours fortes, mais par contre la demande a quelque peu diminué, les exportations n'étant plus aussi importantes que par le passé. Cette circonstance a permis une certaine augmentation dans le stock.

Quant aux prix du disponible, toute la saison n'est passée sur la cours de P.T. 65 à l'exception d'aujourd'hui, la cote ayant été relevée à P. 66 à cause de la hausse des cotations.

Sur ces derniers les affaires sont toutes commerciales, mais depuis mercredi un changement en mieux s'est produit sur notre marché : il y a eu plus d'activité et plus de régularité dans les transactions. Clôture Février-Mars P.T. 66 2/4.

Holl est un peu mieux disposé pour nos révoltes. Au fond il n'y a rien de bien important, mais en somme plus d'un commerçant cherche à faire une ménage en malaxant les cours de l'ancienne et de la nouvelle révolte, ne fut-ce que pour les premiers mois. D'ailleurs, la prospérité de l'industrie cotonnière est telle sur le continent, que de l'Allemagne du moins on affirme

## CHRONIQUE FINANCIERE

Alexandrie, le 21 Décembre.

Après une série de séances nulles et en baisse, déterminée par une recrudescence de la crise monétaire sur place, la surcharge d'un grand nombre de positions, l'abstention des acheteurs, l'approche de la redoutable liquidation de fin d'année et la hausse du taux privé d'escompte en Angleterre, une reprise aussi soudaine qu'inattendue, s'est produite hier et est forte accentuée ce matin. La cause de ce revirement ? Les débiteurs trop faibles, surpris par la hausse, s'étaient tout simplement décidés à passer sous les fourches canadiennes des banques et capitalistes reporteurs. Entre deux maxima ils avaient choisi le moindre ou du moins le plus doux. Plutôt que de subir une perte immédiate sur des valeurs dans l'avenir dans lesquelles ils avaient une confiance absolue, ils avaient préféré, au payant 30 à 50% de report, venir venir. On parle, en effet, d'une forte poussée pour le mois de janvier. Ainsi, la quantité de positions ont-elles été reportées dans ces conditions et pour que ce mouvement continue alors que les deux séances, la liquidation de fin décembre, passera sans encombre. Tel un usage, grâce au tempérament, se disent les laisser de traces.

Tout le monde n'a sûrement pas été satisfait de cette solution. Beaucoup de capitalistes, petits et gros, gâtés par le moment propice pour gagner leurs portefeuilles de titres momentanément dépréciés ; ils se sont contentés, sans doute, une dégringolade beaucoup plus réduite et surtout plus prolongée. A peine les plus avides d'entre eux ont-ils eu le temps de ramasser quelques centaines d'actions ; car, si non fait pas se dissimuler, les affaires ont été clairement durant la courte période de baisse qui vient de se déroulé.

La reprise qui s'est immédiatement suivie nous ramène sensiblement au même niveau que vendredi passé et même à un niveau légèrement supérieur, puisque sur une cinquantaine de valeurs inscrites à la cote officielle du portefeuille, 22 sont en hausse, 15 seulement en baisse et les autres demeurent stationnaires.

A Londres, la National Bank perd 1/8 à 28 1/4, la Daire 1/4 à 17 1/2, la Delta Light 1/8 à 12 1/4, l'Uttica 1/4 à 102 et la Consolidé 5/8 à 85 ; d'autre part, le taux réservé d'escompte s'élève de 5/8 à 6 1/2, et la réserve de la banque tombe de 47 à 38 1/2 %.

A Paris, les actions de Suez gagnent 22 francs à 4530, tandis que le Crédit Foncier Egyptien perd 2 fr. à 781 et la Land Bank of Egypt 2 fr. à 221. La rente récente de 94, 21 et 95, 20.

Le mot inopiné de M. Glynnopoulos a entraîné une dépression considérable pour le groupe de valeurs qu'il dirigeait : Les Transports d'Alexandrie sont tombés à 209 les Privé-Égyptiens et 300 les Dividendes, en perte respective de 15 et 16 francs ; la Bourse a également baissé de 21/32 à 5 3/8 et le Trust a également baissé de 21/32 à 1 5/8 vendeurs.

A l'attente générale.

Les titres favoris de la spéculation qui avaient eu le plus à souffrir de la réaction du début de la semaine se sont en général relevés avec la plus de vigueur, bénéficiant même d'une avance sur la clôture de la semaine écoulée ; ainsi la Cassa di Sconto gagne 6 francs à 271 l'ancienne et 265 la nouvelle, la Delta Land 1/8 à 4 1/16, l'Investissement 3/33 à 1 1/2, les Estates 3/33 à 2 1/2, le Comptoir 1/8 l'action à 7 1/2 et 8 livres la part de fondateur à 70, le Crédit Franco-Egyptien 1/16 à 6 1/4 et la Banque d'Orient 3/10 à 135 1/2. L'Urbaine se consolide à 7 1/11. L'Agricole et la National Bank progressent aussi de 1/16 à 9 5/8 et 28 1/16.

En reprise également la Ramleh Railway de 6 3/4 à 7 1/8, les Journaux Égyptiens du Caire de 270 à 280 et les actions de 121 à 122, la Béthra de 40 à 40 3/4, les Marchés 29 à 29 1/2, la Flâtiere de 29/32 à 3 1/4, la Dividende Bière d'Alexandrie de 115 à 117, la Salt Soda de 28 à 29, l'Ordinary Khedivial Mail de 39 à 39 1/2, la Land Bank de 81/16 à 8 3/4, et la part du fondateur Allotment de P.T. 135 à P.T. 155.

Les pertes les plus sensibles sont de 1 3/2 à 1 1/8 de la Delta Light, 3/8 à 5 1/8 sur l'Anglo-American Nile, 1/4 sur les Nungovitch Hotels à 21 3/4, et 6 fr. sur les Scorères à 70, vendredi.

Le Béthra du Caire réactionne aussi de 1 fr. à 134 la Privé-Égyptien et 72 la Dividende, l'obligation ancienne Crédit Foncier de 1 fr. à 336, les Splendid Hotels de 1/16 à 16 1/2, le Cheikh Fadil de 2 fr. à 108, l'Union Foncière de 1/16 à 6 5/16 et le Banco di Roma de 1 fr. à 114, vendredi.

En reprise également la Ramleh Railway de 6 3/4 à 7 1/8, les Journaux Égyptiens du Caire de 270 à 280 et les actions de 121 à 122, la Béthra de 40 à 40 3/4, les Marchés 29 à 29 1/2, la Flâtiere de 29/32 à 3 1/4, la Dividende Bière d'Alexandrie de 115 à 117, la Salt Soda de 28 à 29, l'Ordinary Khedivial Mail de 39 à 39 1/2, la Land Bank de 81/16 à 8 3/4, et la part du fondateur Allotment de P.T. 135 à P.T. 155.

Les pertes les plus sensibles sont de 1 3/2 à 1 1/8 de la Delta Light, 3/8 à 5 1/8 sur l'Anglo-American Nile, 1/4 sur les Nungovitch Hotels à 21 3/4, et 6 fr. sur les Scorères à 70, vendredi.

Le Béthra du Caire réactionne aussi de 1 fr. à 134 la Privé-Égyptien et 72 la Dividende, l'obligation ancienne Crédit Foncier de 1 fr. à 336, les Splendid Hotels de 1/16 à 16 1/2, le Cheikh Fadil de 2 fr. à 108, l'Union Foncière de 1/16 à 6 5/16 et le Banco di Roma de 1 fr. à 114, vendredi.

Il n'est pas d'accord sur les probabilités de Janvier et chacun juge d'après ses propres engagements. De l'ensemble des informations dont il dispose, il ressort qu'il sera sensiblement plus réduit que Décembre, qui a été d'une importance exceptionnelle.

Liverpool a fini par revenir à l'ancien cliché de 10 1/2 et 200 Balles par jour pour les ventes en Egypte disponible, et avec l'augmentation constante du stock dans le dit port, cela semble que peu ou il n'est. En attendant, les Anglais n'ont pas l'air de trop se soucier de notre marché.

Pour ce qui est des prix, le spot a été mieux traité que les futurs, le premier ayant gagné 1/16 à la clôture de 10 5/16, tandis que le Janvier 1/16 à la clôture de 10 2/16.

Les Américains ont, par contre, été plus actifs avec une marche des cours absolument différente de celle des Egyptiens, le disponible ayant fini à 5 6/9, soit 10 points de baisse contre une hausse de 6 points pour les futurs, réciprocement cotés 5 4/3 pour le Janvier et 5 4/3 pour le Mai-Juin.

Le mouvement de notre révolte est toujours fiable : l'avance sur l'année dernière est de 900 000 cartars, mais l'excédent de notre stock n'est que de 300 000, les exportations ayant, de leur côté, absorbé 460 000 cartars du plus qu'en 1905.

Le reste de la date demeure stationnaire.

L'assemblée générale ordinaire tenue le 14 courant par les actionnaires de la Khedivial Mail, il a été décidé de distribuer un dividende de 10 % pour l'année finissant le 30 juin.

Une assemblée générale extraordinaire a été convoquée pour le 31 décembre en vue de l'augmentation projetée du capital à 2 400 000 pour la création de 100 000 actions ordinaires nouvelles.

Un共识 existe entre un groupe local d'administrateurs et le conseil londonien d'administration de la Delta Lands. Le groupe en question demande que l'administration effective de la Société soit transférée en Egypte et que dans ce but provoqua une assemblée générale extraordinaire. Comme, toutefois, le président du conseil doit venir ici vers la mi-Janvier, il a été convenu qu'on attendrait son arrivée pour engager avec lui des pourparlers et ensuite seulement, il y aillait bien provoquer la convocation d'une assemblée générale.

La Salt Soda vient de publier son rapport. L'exercice au 31 Août 1906 se clôture par 70 000 livres de bénéfices environ. Après la distribution d'un dividende de L.E. 32 906 400 actions, soit 7 1/2 %, et de L.E. 2 543 aux actionnaires, il y a un excédent de 1 300 000 cartars.

Le 1er janvier, l'assemblée ordinaire de la Delta Lands a été convoquée à l'heure de l'ouverture de la session. L'assemblée a été présidée par le Dr. K. E. Kerr, de la maison Russell, Kerr & Wyatt, et obtenu des certificats pour le montant de leurs lettres de répartition, contre la réception des dividendes. L'assemblée, appellée à réunir le 27 courant.

Les certificats au porteur des actions "Ritz Hotels" seront présentés dans les premières journées de Janvier. Les détenteurs d'actions pourront donc se présenter à partir de cette date chez Mr. K. E. Kerr, de la maison Russell, Kerr & Wyatt, et obtenir des certificats pour le montant de leurs lettres de répartition, contre la réception des dividendes.

Le 2 au 8 janvier doit être opéré le versement de 2 fr. 50 sur l'appel de 125 fr. du Crédit Foncier Egyptien. Le 26, quart, soit 1/2, sur l'Egyptrian Immobilière est dû jusqu'au 15 décembre. Le dernier quart de l'année sera payé le 20 mars pour Décembre.

Les huiles sont calmes, mais soutenus.

La graine de lin est réussie dans l'Argentine et cet article viendra bientôt entrer la composition de notre graine.

## JUDGE OF THE SUPREME COURT

Was Alarmingly Afflicted With La Grippe.  
Cured by Pe-ru-na.

The Grip Is Properly Treated:  
Epidemic Catarrh.

As Pe-ru-na Relieves Every  
Form of Catarrh, It Has  
Probably Relieved More  
Cases of Grip Than  
Any Other  
Remedy

The Fear of Grip Makes People  
Nervous.

There is no remedy in the world that meets the conditions produced by the grip better than Pe-ru-na.

Pe-ru-na strengthens as it stimulates, soothes while it stimulates, heals as it expels.

It reaches the source of all disease of the mucous membranes by its action on the mucous motor system.

*"It is especially good in toning up the stomach and has had a decided effect upon my appetite. I therefore feel much encouraged that I am on the road to recovery."*

*"My numerous friends in America, where I have the honor to command a brigade of our Veteran Cavalry in a four years' war, may accept this voluntary testimonial to the merits of Pe-ru-na as a sense of obligation on my part for its wonderful efficacy!" — W. H. Parsons.*

After-Effects of the Grip.

Every person who has had the grip during the last year should take a course of Pe-ru-na.

The grip has produced catarrhal inflammation of the whole mucous membrane, and good health is impossible until these are restored to a normal condition. This Pe-ru-na will do.

A great many remedies have been suggested for this condition from time to time, but Pe-ru-na is the only remedy that has gained great popularity in these cases.

It has seldom failed to give satisfaction during forty years' experience and still occupies the unique position of being the leading and most generally used remedy for the after-effects of the grip.

For special directions everyone should read "*THE ILIAC OR LIVER*", a copy of which surrounds each bottle. Pe-ru-na is for sale by all chemists and druggists at five shillings per bottle or six bottles for twenty-five shillings.

Those wishing direct correspondence with Dr. HARTMAN and can wait the necessary delay in receiving a reply should address Dr. S. B. HARTMAN, Columbus, Ohio, U.S.A.

The following wholesale druggist will supply the retail drug trade in Alexandria, Egypt.

## LONDON & PARIS EXCHANGE LIMITED.

GENERAL BANKERS.  
BASILDON HOUSE, BANK, LONDON, E.C.

Circulaire H. De Vries et Boutigny

### NOTES ET CRITIQUES

Le Cairo, 21 Décembre 1905.

Le taux de l'escoupe libre à Londres est toujours renseigné à 6 %. Au Stock Exchange, la Consolidé anglais a baissé de 2 à 86. L'Unifié est restée invariée à 102. La National Bank a gagné à 28 1/2. La Dairia a perdu 1/8 à 17 1/2. L'Agricole est demeuré inchangé à 9 1/2, de même que la Delta Light à 12 1/2.

A Paris, le Crédit Foncier Egyptien a rétrogradé de 7 francs à 782. La Banque d'Athènes a avancé de 2 francs à 140. L'Empire russe 1905 a passé de 86.60 à 86.80.

Ainsi que nous l'avions fait pressentir hier, la tendance générale du marché s'est fortement améliorée ce matin. La séance a été animée; les transactions ont été nombreuses, et il y a enregistré une plus value appréciable sur presque toute la cota.

Dans le compartiment des Banques, la National a gagné plus de 1/4 de livre à 28 7/16. L'Agricole a progressé à 782. La Casse a avancé à 269.270. Le Comptoir Financier s'est inscrit à 7 1/2 et sa part à 68. La Banque d'Orient a été mieux tenue à 135. La Banque d'Abyssinie a faibli à 5 5/8.

L'Enterprise and Development est remontée à 13 13/16. La part de fondateur Immobilière s'est alourdi à 700. L'Union Foncière s'est relevée à 6 7/16 à 9.

L'action Entreprises Immobilières et Travaux, qui a clôturé hier à 14 1/4, a débuté aujourd'hui à 14 pour monter à 14 1/4 et clôturer à 14.

On remarque que les personnes généralement bien renseignées continuent à ramasser soigneusement le flottant, et on s'attend, au Bourse, à des prix plus élevés dans un bref délai. La part de fondateur a été demandée à 100.

Les Joissances Eaux du Caire ont avancé à 280.320. Les Zutif-Nahas ont été négociés à 4 1/4 et leur part de fondateur entre 20 et 22 livres.

Dans le groupe des valeurs hôtelières, les Nungovich sont remontés à 21 11/16 à 3/4. Les Egyptian ont atteint 10-10 1/16. Les National se sont renfermés à 4.

Parmi les petites valeurs, les Delta Land, en bonne tenue, ont encore bénéficié de 1/16 à 4 5/8 à 11/16, de même que les Estates à 27/16 1/2. Les New Egyptian se sont consolidés à 32 1/2. Les Constructions ont avancé à 1 5/8-11/16. Les Syrian Lands ont été traités à 2 3/16. Les United Lands ont avancé à 1 1/8 et leur part de fondateur à 5 7/8.

A l'occasion des fêtes de Noël il y a, sans cessation d'affaires à la Bourse, les lundi 24, mardi 25 et mercredi 26 Décembre 1906, et, à l'occasion du Jour de l'An, le lundi 31 Décembre 1906 et le mardi 1er Janvier 1907.

Le Comité de l'honorable Corporation des Agents de change du Caire a adressé, à la date d'hier, la nouvelle lettre circulaire suivante à tous les membres de la dite Corporation :

#### CORPORATION

#### DES AGENTS DE CHANGE

#### DU CAIRE

Le Cairo le 20 Décembre 1906.  
A MM. les Membres de la  
"Corporation des Agents de Change" du Caire  
.....

D'autre part, que cette Société civile est restée absolument étrangère à l'acquisition du terrain acheté par la Corporation des Agents de Change du Caire à la Compagnie Immobilière d'Egypte, sa vue de la construction d'une nouvelle Bourse.

Or donc, quelle garantie peuvent présenter les parts susmentionnées au prix actuel de 150 livres, du moment que la Corporation des Agents de Change du Caire ayant payé de ses propres deniers le terrain situé entre les Savoy et National Hotels, c'est à elle seule qui revient tout le profit dérivé de la plus-value acquise par ce terrain ? Et d'autres termes, la Société civile n'a rien à encasser ou même à espérer de ce chef.

Il nous semble que poser le problème, c'est le résoudre.

Pour ce qui est de savoir si l'on érigera, ou non, une Bourse sur ce terrains, c'est là une question tout à fait à part.

Der Kaiserliche Konsul,

WUNDERLICH,

L.S.  
J. No. 4967. 29106-5

On nous pose de nouveau, de divers côtés la question de savoir quelle peut être la valeur réelle de la part de la Société civile de la Bourse Khévidie (1) du Caire, qui continue à être cotée invariablement livres 150 sur le Bulletin officiel de la Corporation des Agents de change du Caire.

La demande est embarrassante ou plus délicate, d'autant plus qu'il s'agit ici d'une cota purement nominale, ne pas dire fictive.

Toujours est-il que nous pouvons, sans scrupule, satisfaire plus ou moins la curiosité de nos correspondants en leur apprenant (s'il ignorait) :

D'une part, que la Société civile de la Bourse du Caire a été créée au capital de Livres 100 000 représenté par 100 parts de Livres 10 chacune, et qu'elle a pour tout revenu les droits d'entrée à la Bourse, sous-locations diverses, publicité, etc.
